Experience the power of screen printing with ARYSE!

A core pillar of ARYSE programming is creative expression. One of our students' favorite ways to share their stories with the world is through the medium of screen printing. At our screen printing booth, visitors will have the chance to design their own poster and/or t-shirt (first come, first served or bring your own blank tee!) using screens of images that are made or inspired by our work with immigrant and refugee youth.

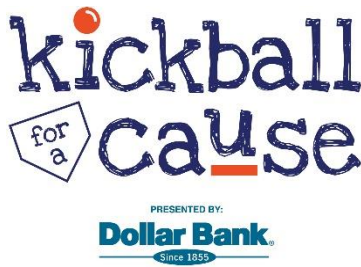

There will be snacks, too!

Single Elimination Championship Tournament

All playoff games are 5 innings.

12 Teams total - the top nine teams (**the top team from each division**) and three wildcards - will advance to the single elimination championship bracket. The second place teams from each division are eligible for wildcard spots based on the following ranking:

1. Number of wins
2. Head to Head
3. Least runs allowed
4. Most runs scored
5. Sportsmanship Behavior throughout the tournament – your officials will be ranking all teams throughout the day.

Sportsmanship Behavior

The PSL strives to provide a safe, welcoming, inclusive, and fun atmosphere while providing a high quality recreational experience for all participants. We place a high priority on sportsmanship and expect it to be displayed throughout at all times.

Unsportsmanlike behavior includes but is not limited to the berating of an official, harassment of another individual, use of slurs or other offensive language, threats, dangerous or excessive physical play, lying or misrepresenting your identity, and any other behavior deemed inappropriate by an official, referee, or a PSL staff member. Note that any player whose words or actions negatively impact an inclusive and welcoming atmosphere at PSL games and events will also be considered unsportsmanlike behavior.

At the end of each game our officials will be rating each team on their sportsmanship throughout the game on a scale of 1-3. This will be used as a tiebreaker for playoffs.

- 3: Excellent Conduct and Sportsmanship: The team goes above and beyond in creating a fun and sportsmanlike environment. Players cooperate fully with the officials and other team members. The captain calmly converses with officials about rule interpretations and calls. The captains have full control of their teammates.
- 2: Average Conduct and Sportsmanship: Team members verbally question some decisions made by the officials but remain respectful. Captains exhibit control over their team and themselves. The team overall displays sportsmanship.
- 1: Poor Conduct and Sportsmanship: Team is uncooperative, combative with the officials or members of the other team. The Captain does not have control over teammates or themselves. The team creates an atmosphere that ruins the sportsmanlike environment between commenting on plays, fighting, harassing, etc.

PUMP is going green once again at Kickball for a Cause!

This is our 4th year as a Zero Waste event! Our goal is to reduce our landfill waste down to 10% - with all other items to be composted or recycled.

We are doing our part by reducing packaging and bringing compostable and recyclable materials to the event, but we need your help with the rest!

To make things easier, we will have volunteers collecting and sorting your items at the main Zero Waste Zone near the lunch pavilion. Please do NOT combine your recycling, food waste, cups, trash, etc. at your picnic area. This makes for a sippy mess that volunteers must dig through in order to sort it later. Just bring everything to the Zero Waste Zone so we can take care of it while you get back to your games.

A few requests:

- PLEASE commit to bringing your own water bottle to refill with water throughout the event.
- PLEASE use and re-use compostable cups we are providing for all drinks (beer, lemonade, Gatorade, coffee, etc). Remember to hold onto your cup for refills!
- PLEASE do NOT bring non-recyclable SOLO-style cups for your team's bar-style games. In general, try to avoid items that can't be composted/recycled. Only plastic bottles, plastic jugs, plastic tubs, aluminum cans, clean plastic film, and mixed paper can be recycled in Pittsburgh.
- PLEASE be prepared to sort your waste at the tournament with the help of our awesome Green Team volunteers and labeled bins.
